The initiation and submission of all public questions to be voted upon by electors are subject to the provisions of Article 28 of The Election Code (10 ILCS 5/28-1 et. seq.). Advisory questions of public policy shall be submitted to a referendum pursuant to Section 28-5 of the Illinois Election Code or pursuant to a statute that provides for such a question.

These Guidelines address *only* procedures for initiating and submitting *advisory* questions of public policy within the city of Chicago. These Guidelines do not apply to a “local option” petition filed pursuant to Article IX of the Liquor Control Act of 1934 (235 ILCS 5/9-1 et seq.) nor to any other binding referenda.

Questions of public policy that have any legal and binding effect are to be submitted to referendum only as authorized by the statute that provides for such a question or by the Illinois Constitution. Those statutes or constitutional provisions should be consulted for procedures for initiating and submitting such binding referenda.

I. Purpose and Effect

A. The purpose of an advisory referendum is to solicit the opinion of voters on a question of public policy (e.g. “Shall smoking be banned in all public buildings in the City of Chicago?” YES/NO)

- B. No legally binding effects result from the approval or rejection of an advisory question.

II. Initiation and Submission

- A. An advisory referendum may be initiated as follows:

1. By petition (10 ILCS 5/28-6)
2. By ordinance or resolution of the City Council (10 ILCS 5/28-6(b); 65 ILCS 5/3.1-40-60)

B. An advisory question of public policy may be submitted to the voters of the *entire* City of Chicago (10 ILCS 5/28-6(a); 65 ILCS 5/3.1-40-60), or to the voters of a contiguous territory *less than* the City of Chicago (either a single precinct or multiple contiguous precincts, including all precincts in a ward) (10 ILCS 5/28-6(b)).

III. Petition Requirements

- A. Contents (10 ILCS 5/28-3)

1. Petitions for submission of public questions must consist of sheets of uniform size, consecutively numbered and securely bound.
2. Each petition sheet must contain, above the space for signatures, an appropriate heading that is the same for each sheet and that:
 - a. Sets forth the text of the question to be submitted to the voters (only one referendum question per petition¹).
 - b. Specifies whether the question is to be submitted to:
 - i. the voters of the city at large; or
 - ii. the voters of a precinct or a group of precincts, in which case the petition must include
 - the precincts included in the territory concerning which the public question is to be submitted; and
 - a common description of the territory's geographic boundaries in plain and non-legal language, including a reference to streets, natural or artificial landmarks, addresses or any other method which would enable a voter signing the petition to be informed of the territory concerning which the question is to be submitted.

Board of Election Commissioners for the City of Chicago, et al.*, 2018-COEL-000028 (Cir. Ct. Cook Co., Judge Hannon, Jan. 29, 2019), affirmed 2019 IL App (1st) 190189 (1st Dist. App. Ct., June 21, 2019), leave to appeal denied No. 125106 (Ill. Sup. Ct., Sept. 25, 2019).

Guidelines for Advisory Referenda

c. Specifies the election at which the question is to be submitted (may not specify submission to an election more than one year, or 15 months in the case of a backdoor referendum², after the date on which it is filed).

B. Signatures

1. For a citywide referendum, petition must be signed by a number of registered voters who reside in the city of Chicago equal to at least 8% of the total votes cast for Governor in the city of Chicago in the preceding gubernatorial election (November 8, 2022 General Election). (10 ILCS 5/28-6(a))
2. For a referendum in a city precinct, petition must be signed by a number of registered voters who reside in the precinct equal to at least 8% of the total votes cast for Governor in the precinct in the preceding gubernatorial election (November 8, 2022 General Election). (10 ILCS 5/28-6(b))
3. For a referendum in a combination of precincts, petition must be signed by a number of registered voters residing in any part of a precinct all or part of which includes all or part of the territory where the question is to be submitted equal to at least 8% of the total votes cast for Governor in the territory in the preceding gubernatorial election (November 8, 2022 General Election) (10 ILCS 5/28-6(b)).

NOTE: It is not clear in Section 28-6 of the Election Code whether the 8% requirement applies to the territory for all of the precincts as a whole or to each of the precincts individually. Therefore, it may be prudent to obtain signatures equal to or exceeding the 8% requirement in each precinct or part of the precinct.

4. Petition signers must be registered voters of the City if a citywide referendum, or of the precinct or precincts in which the referendum is to be submitted if less than the City. (10 ILCS 5/28-3) A registered voter means a person who is registered to vote at the address shown opposite his or her signature on the petition or was registered to vote at such address when he or she signed the petition. (10 ILCS 5/3-1.2)
5. Signer of petition must *sign* (do not print) only his or her *own* name. A person may not sign for any other person, including a spouse, children, etc. Whoever forges any name of a signer upon any petition is guilty of forgery and will, on conviction, be punished accordingly. (10 ILCS 5/28-3)
6. Opposite the signature of each signer of the petition must be written or printed the signer's residence address, including the street address, city, county and state, except that the city, county or state of residence may be printed on the petition forms. Standard abbreviations may be used in writing the residence address, including street number. (10 ILCS 5/28-3)

C. Circulation (10 ILCS 5/28-3)

² "Backdoor referendum" means the submission of a public question to the voters of a governmental unit, initiated by a petition of voters, residents or property owners of such governmental unit, to determine whether an action by the governing body of such governmental unit shall be effective, adopted or rejected. 30 ILCS 350/3(c).

Guidelines for Advisory Referenda

1. The circulator of a petition sheet must be at least 18 years of age on the date of the immediately following general or consolidated election and a citizen of the United States. (10 ILCS 5/3-6)
2. At the bottom of each sheet of a petition there must be a statement, signed by the circulator of that petition sheet, stating his or her street address and city, county and state, certifying that the signatures on that sheet were signed in his or her presence and are genuine, and that to the best of his or her knowledge and belief the persons so signing were at the time of signing the petition registered voters of the city, or of the precinct or precincts in which the question is to be submitted, as the case may be, and that their respective residences are correctly stated on the petition.

D. Notarization

The circulator of each petition sheet must personally appear before a notary public, sign the statement on the bottom of the petition sheet and have the signed affidavit notarized. (10 ILCS 5/28-3)

E. Amendment of Petition Prohibited

If the resolution or ordinance did not specify a particular election for its submission, the City Clerk shall certify or recertify the question for submission on the ballot at the next regular election no more than one year, or 15 months in the case of a backdoor referendum, subsequent to the adoption of the initiating resolution or ordinance.

V. Number of Propositions Limited: “Rule of 3”
